

A Quest...Beyond the Visible

by Binduu Chopra

Book Description

The book is about the oneness between a Guru and the Student in Pursuit of self; a quest beyond the visible until the fire within is ignited, the soul of the student is empowered enough to be alive to life.

Here the Guru says that *“A Guru is only a leading light. With the very presence of a Guru you will find darkness fading away around you. But the moment you are away from him, your surroundings will get dark... Instead, when you have a Guru close by, try and ignite the light (fire) within you so that you can be lead by your own light from within... Gurus can help you only thus far!!! It is all up to the concerned person to ignite and keep the fire going within you. The ignited light being in the Shishya (Student) itself is a present to the Guru.”*

The book is all about finding the Ignition Key to the true self within.
