

# Cure the Curable & Some Incurable, at Home – for Just Pennies

by Clifford C. Crow

## Book Description

On December 5, 2015, Clifford C. Crow became a 78-year-old (youngster), with a background in sales, sales management, and corporate management. He is not a doctor, trainer, or nutritionist, and does not claim to be any of the three. He has, however, been obsessed with studying health problems, weight control, general well-being, and related subjects (including new methods of curing) since the early 1980s.

Do you know anyone who is having problems with headaches (including migraines), macular degeneration, cracked heels, emphysema, COPD, lower back pain, eczema, tendinitis, eyesight, etc.?

Do you know anyone who wants to quit smoking? This method for quitting was new to the author. After trying many times, this unique method helped him to quit his 4+ packs per day habit at age 47, in just about a week. A real plus of using this method is that even the desire to smoke and the craving for a cigarette is completely gone after this one week. There are also many ways to attack weight problems. This book may contain the help you need for these situations, and a couple hundred more.
