

Flight from Ein Sof

by W. E. Gutman

Book Description

Satirical, politically incorrect, irreverent, *Flight from Ein Sof* is the fictional first-person account of a brief journey to and from a realm of nightmares and insanity. Filled with blistering commentaries on life, free thought, human bestiality and death, this scathing allegory exposes the absurdities and horrors of ideological tyranny, the irrationality of blind faith, the despotism of senseless beliefs and the pointless circularity of the human condition. Revisiting a theme first explored by the author in *NOCTURNES – Tales From The Dreamtime*, this disquieting and profane opus warns against the ignominy of forced ideas and the false prophets who, to ensnare men's souls, fill their heads with mind-boggling lies.
