Book Description

Healing Time of the Celtic Serpent, the final book in the Celtic Serpent trilogy, finds Angi and her friends back on Earth fully committed to advancing their knowledge and preparing for a mission of healing. Their own research hints at a lost Golden Age and even at Myttrwn's ancient name. Their lives are now charged with new challenges both within their own time and as they prepare to change the world's energy to reduce the fulfillment of an ancient prophecy foretold for 2040. Will they make it in time? In the meantime, an invisible organization is created, and personal commitments made. Life for Angi and her friends is now governed by a newfound cosmic melody.
