

# Morpheus' Challenge

Beyond the Dreams

by W. E. Gutman

---

## Book Description

In this third and last installment of the *Morpheus Trilogy*, W. E. Gutman heeds the dream maker's entreaty to "wake up, go beyond the dreams, and remind [the reader] of the paradoxes, the aberrations, the deceptions, and the monstrosities that define man and mark the human condition." Calling for the overthrow of false prophets and demagogues, a mission he considers time-sensitive and long overdue, he warns that the greatest obstacle to wisdom is not ignorance but the illusion that we know it all.
