

Retrospect

An Illustrated Medical Romance Trilogy Part One

by Lisa-Ann Carey

Book Description

Twenty-seven year old Psychiatrist Doctor John Wright inherits his deceased grandfather's thriving private practice at Moreton Bay, Queensland, Australia. His innate character is of formidable strength like a stiff glass of whiskey, his essential qualities - hard to bend, except for one tiny blemish. His emerald eyes shine like precious stones. The colour of his layer cut styled hair characterizes the distant sun setting in the western sky. He had a dream he 'breathed life' into the mind, the very soul, of a young lady who in reality, would become his wife, his confidante, his soul mate for life. Reflecting on this dream he tells himself - the retrospective mind is like a mirror, it reflects what the dreamer dreams into it.

Twenty-five year old Lisa-Ann Porter from Lamb Island, a former Criminal Psychiatrist arrives at his clinic frightened of the past. He discovers she has melancholia and helps her to unravel the mystery behind her mother's premature death and helps her understand her confusions about her sexuality after she describes to him how she was raped just outside the University she had attended. Has he discovered his soul mate or... does she belong to another?

Is she just another patient or... someone more special? Read about her Hawaiian/American correspondent from her high school years hiding in the shadows of her heart and the wild journey he takes her on and the tragic end to it.
